

CONGRESS FORECAST

An Exceedingly Lively Week is Promised.

VOTE ON THE CUBAN MEASURE.

The Conference Report Will Undoubtedly Pass the House—The River and Harbor Bill Will Also Be Decided by the House. Appropriation Bills Will Be the Leading Subjects Discussed in the Senate.

WASHINGTON, April 6.—This promises to be an exceedingly lively week in the house. The house will first vote on the adoption of the conference report on the Cuban resolutions, which was debated on Friday and Saturday. It is a foregone conclusion that the report will be adopted by an overwhelming vote, but it is probable that there will be more members recorded against it than against the passage of the original resolutions.

Immediately afterward an effort will be made to pass the river and harbor bill under suspension of the rules. The bill carries something over \$9,000,000 in actual appropriations, but authorizes contracts for almost \$40,000,000 additional. The Democrats would like an opportunity to attack the bill because of the enormous charge it makes upon the treasury in the future, and they will make all the resistance they are able to. Under the rules, however, their opposition is not likely to be effectual, and moreover there are many features of the bill in which individual Democrats are vitally interested. When a motion is made to suspend the rules but 30 minutes' debate are allowed on a side, but it is certain an extension of time will be made to two or three hours.

Following the passage of the rivers and harbors bill, Mr. Pickler, chairman of the invalid pension committee, probably will call up one of the general bills reported by his committee.

There are also two election cases to be decided, one of which will unseat Judge Cobb of the Fifth Alabama.

By Wednesday it is expected that the fortifications bill will be completed and it probably will occupy the attention of the house for the remainder of the week.

SENATE FORECAST.

Appropriation Bills Will Be the Chief Subjects Discussed.

WASHINGTON, April 6.—The senate will continue the consideration of the postoffice appropriation bill, and it is hoped that the day will suffice to conclude the debate on this bill. Senator Morgan has given notice of a speech on Tuesday on the Pacific railroad refunding question and probably will consume the greater part of the day. The question is one to which the senator has given a great deal of attention and on which he has accumulated a vast amount of information. He will speak in support of his resolution outlining a bill and in opposition to the bill under consideration by the joint subcommittee of the two houses.

The remainder of the week will be given up largely to the Indian appropriation bill. This measure contains several features which are certain to develop controversy, the principal one of which is the provision for the discontinuance of the sectarian schools. There also will be an effort in the senate to amend the bill by adding the plan agreed upon by the committee on Indian affairs for changing the system of landholdings in Indian Territory, and this will develop a sharp debate.

The naval appropriation bill will be reported during the week and will be in condition to be taken up as soon as the Indian bill is out of the way. It is Senator Peffer's intention to call up his anti-bond resolution if opportunity offers.

DRY SUNDAY IN NEW YORK.

The Raines' Liquor Law Enforced All Over the State.

NEW YORK, April 6.—The Raines' liquor law was enforced in this city yesterday. It was apparent all over the city that the saloonkeepers had made up their minds to take no chances under the existing condition of affairs for there was no attempt to evade the provisions of the law and no violations were reported at police headquarters. In every street the interiors of the drinking places were exposed to full view, the blinds and curtains being so arranged as to give a clear prospect of what was going on inside. The saloons were in almost every instance deserted, even by the proprietors and their bartenders.

Reports had it that the uptown hotels were profiting largely by the changed order of things, and that most of them were doing a rushing though legitimate business. None of them sold liquor over the bars, but the majority, especially those which have bars to their cafes, dispensed liquors with lunches and meals.

Reports from all over the state indicate that the new law was quite generally enforced. Very few proprietors defied the law. Those doing so were promptly arrested.

Counterfeiter Caught.

LOUISVILLE, April 6.—Scott Wheeler, a young man who recently came here from St. Louis, was arrested last night, charged with counterfeiting. A complete outfit and a quantity of counterfeit coins were found in his room. The police believe Wheeler is a member of a gang of counterfeiters raided at Cincinnati not long ago.

JOHN SELMAN SHOT.

The Victor of Not Less Than Twenty Fatal Shooting Affrays Now the Victim.

EL PASO, Tex., April 6.—John Selman, the victor of not less than 20 fatal shooting affrays in Texas, the exterminator of "bad men" and the slayer of the notorious John Wesley Hardin, is now lying with a bullet hole through his body.

About two or three months ago, Selman and United States Deputy Marshal George Scarborough had a quarrel over a game of cards, since which occurrence the relations between them have not been cordial. Yesterday at 4 o'clock they met in the Wigwam saloon and both were drinking. Scarborough says that Selman asked him to "come out here; I want to see you," and that the two walked out into an alley beside the saloon, and Selman, whose son is in the Juarez (Mexico) jail on the charge of abducting a young lady from this side for immoral purposes, said to Scarborough, "I want you to go over the river with me this morning; we must get that boy out of jail."

Scarborough expressed a willingness to go with Selman, but stated that no bad breaks should be made in Juarez. Scarborough says that Selman then reached for his pistol with the remark "I believe I'll kill you."

Scarborough pulled his gun and began shooting. At the second shot Selman fell and Scarborough fired two more shots as Selman attempted to rise. When Selman was searched no pistol could be found on him or anywhere around him. He says that he had a pistol but that it was taken from him after he fell and before the police reached him. He was hit by every shot Scarborough fired.

Scarborough is about 38 years old, was born in Louisiana but was raised in Texas and was several years sheriff of Jones county, Tex. He is now out of jail under bond.

Selman was raised on the Colorado river, Texas. He is about 58 years of age and has lived a stormy life. When not drinking he was as gentle and modest as a child, but he did not know what fear was and has killed not less than 20 outlaws. He was a dead shot and quick as lightning with a gun. Last August in this city, the notorious John Wesley Hardin challenged him to a free fight in the Acme saloon and Selman killed that dangerous character.

TROUBLE AT MONTE CARLO.

Prince of Monaco Quintuples His Demands at the Casino.

LONDON, April 6.—Advices received here from Monte Carlo show that there is a hitch in regard to renewing the gambling concession. According to the terms of the present contract, the Prince of Monaco received \$250,000 yearly for the exclusive right to maintain a gambling establishment within the borders of his dominions (the area of the principality of Monaco is six square miles) in, addition to \$100,000, which are the expenses of the principality, whose population is about 12,000.

The prince now demands \$500,000 for the expenses of the principality alone, in addition to the large sums which the casino spends annually in the maintenance of roads, building, etc. The receipts from the gambling tables for the year ending March 31 were \$240,000 under those of the previous year, and so the company will only be able to pay a six per cent. dividend. It is explained that there is much less plunging than usual, and that the people who frequent the casino are a less desirable class than formerly.

THINK IT REVOLUTIONARY.

Failure of the French Cabinet to Resign Viciously Commented On.

PARIS, April 6.—The moderate Republican and Conservative newspapers express astonishment at the fact that the government has not resigned as a result of the refusal of a vote of confidence by the senate yesterday. These papers declare that such a state of affairs is revolutionary.

The radical newspapers, on the other hand, criticize in a similar manner the attitude of the senate and assert that a revision of the constitution is inevitable. The Matin expresses the belief that the senate has badly chosen the ground for a contest with the cabinet.

Senator Demole, in an interview, is quoted as declaring that the senate will modify the Malagassy credits so as to force the summoning of the chamber of deputies before the end of the month, and so enable the senate to resume the struggle against the cabinet.

FIRE ON THE PHILIPPINE ISLANDS.

Four Thousand Houses Destroyed in the City of Manila.

MADRID, April 6.—A terrible fire has occurred at Manila, in the Philippine islands, by which 4,000 houses were destroyed and 30,000 people left homeless.

Manila is the capital of the Philippine islands and has a population of 100,000 or, with the suburbs, 160,000. It is one of the great emporiums of the east. The principal public buildings are the cathedral, the palaces of the governor and the archbishop, a beautiful town house, 10 churches of different religious orders, several monasteries, convents, the arsenal, three colleges for young men and two for young women, a supreme court, prison, civil hospital, university, a marine and commercial school, a large theater, a customhouse and barracks. It frequently has been visited by severe and destructive earthquakes.

NEW YORK, April 6.—Israel A. Barker, for many years identified with the wholesale dry goods business in this city, died at his home in Brooklyn last night of pneumonia.

WALLER IS COMING.

The Ex-Consul at Tamatave Sails For America.

WAS INTERVIEWED IN LONDON.

For the First Time He Furnishes the Public With Details of His Recent Imprisonment—Story of Abuse on Board the French Ship—He Will Sue the French Government.

LONDON, April 6.—John L. Waller, formerly United States consul at Tamatave, island of Madagascar, sailed for New York Saturday. He was released at the instance of the United States government from the French prison in which he had been confined under a sentence of 20 years' imprisonment imposed upon him by a courtmartial for having corresponded with the Hovas. His agents are formulating a claim against the French government. For the first time he told his story to a reporter. He said:

"Tamatave was bombarded by the French in December, 1894. I was then living there. Shortly after the bombardment I wrote to my wife, describing the event, referred to the sanitary condition of the town, and the number of French soldiers there, and describing some of the barbarities I witnessed, particularly the assaulting of Hova women by French soldiers.

EX-CONSUL WALLER.

"On March 3, 1895, I was arrested at Tamatave. I asked for time to obtain witnesses and to know on what the charges against me were based. I was told that they were, first, for violation of an order of Jan. 18, 1893, regarding sending any letters except through the French post; second, violation of one of the articles of the French military code, by corresponding with the enemy regarding French operations in Tamatave. 'I was at first refused counsel, but afterwards obtained the services of M. La Gray. He had only 48 hours in which to look into my case. The trial was held on March 20, 1895, and only lasted one hour. My lawyer frequently told the court that such charges as were adduced would be laughed at in a civil court. However, I was condemned to 20 years' solitary confinement.

"On March 23 I was placed on a steamer bound for Marseilles. I was told that I would be given a stateroom for the voyage. However, when I reached the boat I was conducted to the hold and made to sit down on the platform, which is just underneath the hatchway for lowering freight. A large iron bar was placed on the floor in front of me. To this my ankles were chained. I was then unable to change my position, even enough to lie on my side. The rabble of Tamatave which followed me from the jail to the steamer, standing on the deck, spat down upon me. I appealed to my guards, but they only laughed at me. At night I lay, powerless to move, with the tropical rain beating down upon me. Being wet, in that climate, is always followed by fever, unless one's clothes are immediately changed. In the morning I was trembling with chill. At 8 o'clock soup with rice and curry in it and a piece of bread were handed me. I could not eat, and begged for a cup of tea. One of the soldiers drew his saber and exclaimed 'Eat that.'

"I was only released from my chains twice a day, 10 minutes in the morning and 10 minutes in the afternoon, and I was given but two meals a day. All my effects had been taken away from me, and I was ill-provided with clothing. I had but one and a half franc with me. After leaving Zanzibar, I gave this to a soldier and told him to buy me some oranges. He took the money, and when I saw him next day he said he had lost it.

"A few French officers came on board at Zanzibar. One of them remonstrated with my guard, and I was released from my chains. Another officer seeing me released, said: 'You are an enemy to France. Tonight when you are asleep I will cut your throat and throw you overboard.' That night I was aroused by a noise in my room, and saw this officer standing at the foot of my bed. I got up, dressed and started to go on deck. He followed me and struck me on the back of the head, knocking me down. I got up and struck him in the face, cutting it open. The officers of the ship came and I appealed to them for protection. I was assured that nothing would be done to me. After this episode the Frenchman kept away from me. In the Suez canal I was again chained, and again as we approached Marseilles.

"At Marseilles I was conducted to a dirty, filthy prison. I only remained there a few days, and then, handcuffed to two other prisoners, was taken to the military prison at Claravaux. Here the food was so bad that I could not retain it on my stomach. From Claravaux I was transferred to the prison at Nimes. On Feb. 29, 1896, a prison official arrived and told me that my pardon had been received. With it came a message from Mr. Estais, in Paris, directing me

to draw on him for money. I wish particularly to state that in my application for pardon I made no agreement whatever to waive my claims for damages against the French government."

MATABELE MASSACRE.

Over One Hundred Whites Killed During the Recent Uprising.

CAPE TOWN, April 6.—Alarm prevails at Mafeking and the farmers in the outlying districts are bringing their families into town. They declare that the natives in the country around are preparing to rise on account of the discontent aroused among them by the slaughter of their cattle in the effort to stamp out the destructive Rinder pest. This cattle disease has been creating great havoc among the herds of the Transvaal and Rhodesia has become paralyzed.

Mafeking is situated on the north-eastern border of Cape Colony, with the Transvaal, adjoining it on the east. It is the point from which Jameson's raiders set out for Johannesburg. It is also the point from which Sir Hercules Robinson, governor of Cape Colony, last week dispatched a force of 500 British troops to assist in putting the Matabele uprising. The border of Matabeleland is 340 miles to the northeast and Bulawayo is 450 miles away.

The present outbreak of discontent can hardly be the result of race sympathy with the Matabele and if it has any connection with the Matabele revolt it must be through the inciting agent being the same.

Measures have been taken to protect Mafeking. The inhabitants have held a meeting and decided to appeal to the governor, Sir Hercules Robinson, to send troops, the police not being sufficient for the protection of Bechuanaland to the north.

One Hundred Whites Killed.

LONDON, April 6.—A dispatch to The Times from Cape Town, says: It is known that over 100 whites have been killed in the Matabele uprising, and it is feared that the number will amount to 200.

A private telegram from Bulawayo says that they have plenty of arms, ammunition and provisions for three months.

"The Johannesburgers are equipping a force for Bulawayo, but it is stated that the feeling in Rhodesia is to decline Johannesburg assistance.

"The wires are interrupted and there is no news of Hon. Cecil Rhodes."

A Pretoria dispatch to The Times says: Colonel Rhodes has offered increased bail if he might be allowed to go to Bulawayo, but permission was refused.

"The British government has intimated to President Kruger that the uneasiness will probably continue until he decides about going to England."

FIRE IN A MUSEUM.

Fully a Thousand People in the Building at the Time the Flames Broke Out.

CHICAGO, April 6.—A fire which bore a very threatening aspect for a time and created a panic broke out yesterday afternoon in a Clark street dime museum. It being Easter Sunday, the two small theaters in the building were entertaining audiences of more than the usual proportions, at least 1,000 persons, who occupied every available space, being present. The audiences at once made a rush for the doors and for a time pandemonium reigned. The stage manager, Charles Bell, took a commanding position and urged the people not to lose their heads and to his coolness and self-possession is due the fact that the patrons finally escaped without injury.

The wildest confusion, however, prevailed among the freaks and stage performers, but all escaped without injury, many of the actors running into the streets with their stage attire. Probably the greatest excitement attending the fire was caused by an incident that happened on the third floor, where a collection of huge snakes was on exhibition. Among this collection was a boa-constrictor, 20 feet in length. A female snake charmer had charge of the reptiles and when the fire broke out she attempted to place them in a box.

Calling for assistance, a stranger climbed into the cage and offered to help capture the snakes. He picked the largest one up by the neck and no sooner had he done so than the snake, recognizing it was the hand of a stranger coiled its huge form about the man's arm. The snake charmer realizing the man's danger, told him to keep a firm grip on the snake's neck. A terrible struggle then ensued, but by the combined efforts of the fair snake charmer and the obliging stranger, the boa-constrictor was finally jammed into a big box and secured. The remainder of the snakes were easily rescued. The blaze was a hot one while it lasted, but the fire department soon extinguished it with only nominal damage. The origin of the fire is unknown.

Passengers From Cuba Tell of a Recent Engagement There.

TAMPA, Fla., April 6.—Passengers arriving last night from Cuba report that Spanish General Inclan's forces were entirely surrounded by the insurgents and a hand-to-hand conflict ensued. The conflict occurred in Vuelta Abajo district. Nothing official has been published, but 100 wounded at this engagement were brought into Havana Friday night. All the wounds were machete cuts. Inclan also was wounded.

Quintin Bander, the insurgent chief, has sent a letter to General Weyler requesting humane treatment for helpless families.

The Cubans here intended to burn the Spanish flag and Weyler's picture Saturday night but the police interfered.

CARLISLE HAS SPOKEN

His Position as to His Candidacy For President.

WILL TAKE NO ACTIVE PART.

At a Platform Is Adopted Suitable to His Financial Views and He Is Nominated at Chicago He Will Accept Otherwise He Is Not a Candidate Before the Convention.

WASHINGTON, April 6.—Secretary Carlisle has written the following letter on the subject of his candidacy for the presidential nomination at the Chicago convention:

WASHINGTON, April 4.

Charles R. Long, Esq., Chairman Democratic State Central Committee, Louisville, Ky.

MY DEAR SIR—Your favor of March 30, in which you say, in substance, that many of my friends in Kentucky and elsewhere desire me to become a candidate before the approaching national Democratic convention for nomination of the office of the president and requesting me to give "some authoritative or definite expression" upon the subject, was duly received and has been maturely considered.

Many communications upon the same subject and of similar import have been received from friends in different parts of the country and while very grateful for these numerous expressions of confidence and esteem upon the part of my Democratic fellow-citizens, I have not been able to reach the conclusion that the existing conditions require me to comply with their requests by authorizing them to announce me as a candidate for the presidential nomination. While I feel a profound interest in the welfare of my party, I am much more concerned about its declaration of principles than in its selection of candidates, because, in my opinion, its failure or success at the election, as well as its capacity for useful service in the country in the future, depend upon the position it takes or omits to take the public questions now engaging the attention of the people and especially the questions affecting the monetary system of the country and the character and amount of taxation to be imposed upon our citizens. Its position upon these and other subjects having been agreed upon and clearly and distinctly announced the convention ought to have no difficulty in selecting an acceptable candidate who will fairly represent its views; and, in order that its deliberations may be embarrassed as little as possible by the contentions of rival aspirants and their friends I think my duty to the party will be best performed by declining to participate in a contest for the nomination.

The obligations assumed when I accepted my present official position require me to devote my entire time and attention to the public interests committed to my charge, and I shall continue to discharge the duties imposed upon me to the best of my ability and in such manner as will in my judgment most certainly promote the true interests of the country, and if, in the opinion of my fellow Democrats in Kentucky, my services entitle me to their commendation and approval, I would regard their endorsement of my public course as an ample reward for the little I have been able to accomplish in behalf of the present administration and a sound financial policy.

With many thanks for your kind letter, I am very truly yours,

J. G. CARLISLE.

FATAL PRIZE FIGHT.

A Blow on the Jaw Proves Fatal to One of the Participants.

HAVERHILL, Mass., April 6.—Arthur Bradley and Richard Ingram, two factory hands employed in this city, engaged in a prize fight Saturday night and as a result the latter died at midnight. It was to be a friendly one, to settle the title of which was the better man. The men, with about 15 companions, left here for South Lawrence early Saturday night and went to Blair's barn on South Broadway where the fight took place. A man named McIntosh was the second for Ingram and a friend named Donovan seconded Bradley, while James Gilligan, a local sport was timekeeper and Thomas Gibney, referee.

The knockout blow was landed in the vein under the right jaw after 30 minutes fighting. All efforts to restore Ingram to consciousness failed and he was carried to his brother's house, where he died at midnight.

The police of Haverhill were notified and they have arrested Arthur Bradley, James Meserve, Thomas Gibney, Fred Whitney and two men named McIntosh and McRae. The police are searching for the other spectators and officials and a number of arrests are expected. The medical examiner will hold an autopsy.

Another Victim of the Stone Tragedy.

AKRON, O., April 6.—Ira Stillson, the hired man of Alven N. Stone, who was assaulted by the same person who killed Stone and his wife a week ago Saturday night, died yesterday afternoon. He was never able to give a clear account of the tragedy, saying during the brief interval that he was conscious that he remembered nothing of the assault upon himself.

Will Not Be There.

INDIANAPOLIS, April 6.—General Harrison's children, Mrs. McKee and Russell B. Harrison, did not go to New York to attend the wedding of their father. It had been understood for several days neither would attend. There is no estrangement between father and children, but the son and daughter decided not to witness the ceremony.

WHAT manner of a man is a Governor of a State who will condescend to sneak about and into A. P. A. meetings and work for delegates in his own interest as a candidate for a Presidential nomination? Of such is the present Governor of Kentucky.

INCREASED ACREAGE.

Tobacco Growers of Fayette Are Going to Put Out a Big Crop.

The agitation of the question of establishing a tobacco sales warehouse in Lexington has caused increased activity among the growers of Fayette County, most all of whom are preparing to put out an increased acreage of the weed this year.

Lexington merchants have, during the last month, sold many thousand yards more of tobacco cotton to the farmers to cover their plant beds with this year than was sold last year, and with a favorable season from now on there will be an unusually large crop planted.

The wise farmer, however, will diversify his crops and aim to raise the best. The best tobacco, best corn, best wheat, best anything always brings the biggest price.

Blinds Must be up on Sunday

The City Council of Paris has placed the saloon license at \$250. They also instructed the City Attorney to draw up a resolution on Sunday closing. Each saloon is to have its blinds up from 12 o'clock Saturday night to 12 o'clock Sunday night, and all the screens in the saloon are to be so arranged as to give a full view of the interior of the room. The fine for selling or giving a drink of liquor on Sunday is to be \$100, and license will be revoked for a violation of the ordinance.

Do Not Do This.

Do not be induced to buy any other if you have made up your mind to take Hood's Sarsaparilla. Remember that Hood's Sarsaparilla cures when all others fail. Do not give up in despair because other medicines have failed to help you. Take Hood's Sarsaparilla faithfully and you may reasonably expect to be cured.

It was reported last week that the Mason County friends of Major McKinley would hold a mass meeting this afternoon and endorse the Ohioan. One of them, however, informed the BULLETIN this morning that they had concluded that it was not necessary, as most everything is going McKinley's way anyhow.

The first printing press in the New World was brought over from Seville, Spain, under the auspices of the first Bishop of Mexico about the year 1540. The first book printed was an abridgement of Christian Doctrine in both Spanish and Aztec. John Pablos was the printer. It is said that books from this press are to be found in the Great British Library.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

MEATS, eggs and fish are almost the perfection of food. Of themselves they will sustain life for a considerable time, and with the addition of bread and butter, or one or two fruits or vegetables, will do so indefinitely.

Miss Mattie Bell, of Fleming, visited the family of her brother James last week and attended the meeting at Helena.

Elder J. W. Bullock will visit the church at Bethany the third Sunday. The Elder was heard to say a few days ago that he had Congress on the brain badly, but he had no boodle in his pockets to balance it, and thinks that if he should determine to make the race, that he will run in the middle of the road ignoring all parties on a political rut, favoring sound money and plenty of it so that the preachers can get some more.

A MAN's health is the rope by which he climbs to success. If he can keep his health, he will go on to success. Yet his health is the very thing he neglects more than anything else. It is easier to keep health than it is to regain it. When a man feels himself running down, when he realizes a loss of vitality and energy, he must call a halt. The strands of his rope are parting rapidly. Dr. Pierce's Golden Medical Discovery has helped thousands of men in just this condition. It makes health, it makes pure, rich blood, it forces out impurities and kills germs. It doesn't make any difference what name you call your trouble by—dyspepsia, kidney disease, rheumatism, consumption, skin disease, the "Golden Medical Discovery" will cure it absolutely. None of these diseases can retain hold on the body when it is full of rich, pure blood.

GOVERNOR BRADLEY has employed ex-Governor Brown as counsel to assist Attorney General Taylor in a suit on behalf of the State against ex-Auditor Norman and Auditor's Agent Max Barker, of Jefferson County, for the recovery of large sums alleged to have been paid the Auditor's agent "without warrant of law" as commissions. The suit grows out of the statements made on this subject in Governor Brown's message to the Legislature in August, 1892.

Boils

It is often difficult to convince people their blood is impure, until dreadful carbuncles, abscesses, boils, scrofula or salt rheum, are painful proof of the fact. It is wisdom now, or whenever there is any indication of

A Straightforward Business

Making a bid for patronage needs no diplomacy. Plain, honest methods the public demand and we always give. We want this store pointed out as the place where all come and know they are dealt with in absolute fairness. Ready for spring business now. Have a store full of bright, new goods to talk about.

Dress Goods.—Have had the most flattering encomiums passed on the range of styles, beauty and small prices in our dress stuffs. Here are a half dozen items; they speak with no uncertain sound: Scotch Mixtures, all wool, 25c; Serge, all colors, pure wool, 38 inches wide, 29c; Checks, tasteful and chic, 45c; 50 inch Serge, extra quality, full line of shades, 59c; Glossy Mohair and Sicilian, Fashion's latest, 75c.

Linings.—Some stores never give a thought to the lining department. Buy the cheapest, sell at standard prices and think all is done. Now our lining corner holds not only a big assortment, but the best goods, perfect in weave, dye and finish. We handle a special line and it's the most superior in the market. Cambrics, silsesias, all kinds of stiffenings, and the price no higher than that asked for cheap stuff.

Silk Exhibit.—Fashion decrees silk more popular than ever. Time was

when a silk gown was an event. Now it's merely an incident. Here are four lots at prices that will agreeably surprise you: Carded and plain Kaikai 25c; handsome Habutai and Chinese at 49c; Persian and Dresden, in exquisite shadings, at 89c; Chameleon, in rainbow tints, Printed Warps, in hazy loveliness, at \$1, \$1.15 and \$1.25.

Shirt Waists.—In several new styles, all pretty, at 50c and \$1.

Neckwear.—Not the gaudy, trashy sort, but exquisite color combinations. New arrivals. These handsome Dejoinville ties for 50c. Beautiful Windsor ties, in plaid and plain, for 25c. Shirt Waists, in pearl, gilt, jet and silver, Collar Buttons, three pair Link-Buttons, Studs, any style, only 25c.

Belts.—Everykind, gold, iridescent, leather, silk, Persian. Priced from 25c to \$1.

PROSPECTS BRIGHTER.

Maysville Will Likely Have a Base Ball Team and a Good One at That.

The BULLETIN's article Saturday on the subject of base ball aroused the parties interested in the association, and a meeting was held at the Central Hotel Saturday night to discuss the question of putting a team in the field this season.

It was decided to at once take steps towards organizing a team, provided the proper encouragement is given by the citizens of Maysville.

If a sufficient subscription in the way of a donation is secured, Maysville will have a team. And it will be a good team, too, as the members of the association can be relied upon to get together only first-class material.

The preliminary work will likely be attended to at once, so there will be no delay in signing some good players.

A team will not only bring many dollars to Maysville, but it will keep lots of money here that would go elsewhere unless we have a club.

A subscription of at least \$100 a month is desired, and this ought to be secured with but little trouble.

State Board of Equalization Proposes to Increase Our County Assessment 15 Per Cent.

Judge Hutchins is in receipt of a letter from the State Board of Equalization notifying him that the board proposes to increase the assessment of Mason County 15 per cent.

The proposed increase is on all property subject to equalization.

The board will hear any arguments the county may wish to make against the proposed increase, on April 18th.

Judge Hutchins has not yet decided whether or not to appoint a committee to go before the board.

James T. Short.

Mr. James T. Short, whose critical illness was mentioned some days ago, died Saturday evening at 8:30 o'clock at the home of his father on East Third street, aged seventeen years and six months. Five months ago the deceased contracted a severe cold, which finally resulted in his death. His friends learned the sad news with regret. The funeral will occur Tuesday morning at 9 o'clock at St. Patrick's Church, with services by Rev. A. T. Ennis. Burial at Washington.

The Louisville Post says it is rumored that certain Bradley leaders realize that McKinley has the best of it in the Falls City, and that they are practically beaten. The talk is that the Bradley managers, realizing that defeat is certain, have determined to put Bradley tickets in every ward and to make a fight to send contesting delegations to the State convention from every ward in the city. Then, if Bradley controls the convention, the contesting delegations from Louisville will be seated.

The fourteen persons recently sent to the penitentiary from Bourbon County were all negroes, and most of them under twenty years old. The Paris Republican, commenting on this, says: "This shows a deplorable state of morals and a great lack of discipline among the rising generation of that race. There is need of the most diligent missionary work among these people by the leaders of the race and their white friends and an effort made to launch the young negro men into useful trades and fields of labor instead of allowing them to become street loafers by day and then midnight prowlers."

MR. GEORGE W. CLINGER will leave shortly for Knoxville, Tenn., on a prospecting tour. He has been offered an option on a \$17,000 brick machine and yard in that city.

THE little brick building at Georgetown, O., in which General Grant, General Kautz, General Jacob Ammen and other noted men attended school, will soon be leveled to the earth.

CINCINNATI TRIBUNE: "Mr. Harry Yancey, formerly of Mayslick, Ky., and Mr. Jesse Ellis are two prominent Covington young men, members of the senior class of the Ohio Medical College, who will take their degree in medicine Thursday evening. The well wishes of a host of friends attend them in their future careers."

ALBERT GARRETT, who was serving a sentence in the county jail for carrying concealed weapons, made his escape Friday. He was outside the jail breaking rock, and got the guard's permission to step around on the other side of the building. He was absent some time when Mr. Arthur Pompelly went to look for him but he didn't find him.

THE editor of the BULLETIN acknowledges the receipt of a complimentary from the Cincinnati Base Ball Association to the opening game of the championship season of 1896, April 16th. The Reds will have the Pittsburgs for their opponents on this occasion. A big crowd will no doubt go down from Maysville to see the game. All railroads will offer low rates.

JACK CHINN says the Republican party in Kentucky is "composed of 100,000 machine voters (negroes), and 50,000 whites who are scrambling for the spoils. Its platform is bayonets, and in sixty days after they come into power we see bayonets at the door of the highest tribunal in the land—the Court of Appeals—and an attempt made to intimidate, when not a single threat had been made."

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malaria poison. Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters. Only fifty cents per bottle at J. James Wood's drug store.

SATURDAY'S BULLETIN.

It Was a Beauty—Our Patrons Were Charmed and Delighted.

The Easter edition of the EVENING BULLETIN was a beauty—typographically and in every other respect—and many were the compliments we received from our subscribers and advertisers on the appearance and general make-up of the paper.

The public is so well pleased with our effort that we have decided to continue to issue a double number on Saturday's and will endeavor to make each succeeding issue more interesting to our patrons and serviceable to our advertisers. Merchants desiring space in the Saturday edition should hand their favors in by Friday noon.

THE fastest mile ever ridden on any form of bicycle was made by O. M. Dennis, at Denver March 27th, on a Crescent No. 1, 1896 model. The time was straight-away, up grade, the time being 1:11 3-5. Kackley sells the Crescent.

A STRANGE and fatal malady is causing the death of horses and mules in Woodford County. Five valuable horses belonging to William G. Rogers died Saturday and many others are affected. The only symptom shown by the diseased animals is an inability to swallow food. They die within twelve or twenty-four hours without a struggle or any manifestation of pain. The disease baffles medical skill. Dr. D. S. McFarland, an eminent veterinary of Lexington, and Dr. E. R. Woodward made a post-mortem examination of one of the diseased animals, and found every organ in a perfect normal condition, which puzzles them more than ever, says a special.

THE ninth annual intercollegiate oratorical contest occurred at Lexington Friday night, and John T. Geary, representative of the Kentucky State College, is the victor. Young Geary is a Lexingtonian, and is the first of the State College's nine successive representatives in the annual contests to leave the rostrum victorious. Geary's subject was the "Evolution of the Republic." The Judges were Hon. M. C. Swinford, Auditor Samuel H. Stone and Judge J. C. Beckham. Geary's competitors and colleges they represented were: W. E. Ricks, Canton, Miss., Georgetown College; R. L. Burton, Lebanon, Ky., Central University; E. A. Bess, Kansas City, Mo., Centre College; W. N. Briney, Moberly, Mo., Kentucky University. The decision of the Judges was unanimous.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Dr. H. Pitcher* is on every wrapper.

Children Cry for Pitcher's Castoria.

A dispatch from Panama, Colombia, says: The contract for the purchase of the Italian ironclad Saint Bon has been signed, and it is possible that the purchase of this powerful vessel will be followed by the acquisition of the Verese, or Emanuele Filiberto, both splendid war engines.

The supreme court of appeals, Parkersburg, W. Va., refused to grant the writ of appeal in the case of David Musgrave of Monongalia county, convicted of murdering his wife, and sentenced to a life term in the penitentiary. Musgrave has spent a small fortune in his defense, but will go to the pen.

George Kennedy, aged 5, was playing at the mines near Montgomery, W. Va. In some way he was drawn into the big wheel which runs the buckets of slack, and carried around with the wheel. He was thrown out on the other side, gasped once and died. His arms, both legs and his neck were broken.

Another shortage, amounting to \$30,000, has been discovered by the committee auditing the books of ex-City Attorney Moreland of Pittsburgh. The total shortage now aggregates considerably more than \$100,000. Moreland and his assistant, House, are now out on bail, pending trial for misappropriation of public funds.

WORCESTER, Mass., April 6.—Fire broke out yesterday in the spring department of the Washburn & Moen Manufacturing company's plant at Quinsigamond village, resulting in a loss of \$150,000 to \$175,000. The loss is fully covered by a blanket policy in the Manufacturers' Mutual. Two hundred men, nearly all of them skilled workmen, will be out of work until the building can be rebuilt. The fire was caused by an oil pipe running near a furnace.

Result of a Dispute.

CHICAGO, April 6.—Helmer Monahan was shot and killed and Robert Ramsey seriously wounded at Barber and Canal streets last night by a man named Andrews, who is still at large. The men had participated in a game of handball during which beer drinking played an important part. A dispute which had arisen during the afternoon was revived and the shooting resulted.

DECLINES A THIRD TERM.

Latest Reports About Cleveland's Candidacy For President.

WASHINGTON, April 4.—It is reported that President Cleveland has written a letter stating positively and without conditions that he will not, under any circumstances, accept a nomination for a third term. The letter is said to have been written at least three weeks ago, and is known to be in the charge and care of Lamont.

It is alleged to be clear and concise, in no wise intimating any doubt of Democratic success in the future—any deviation or defection from Democratic principles, as expressed by Cleveland in the past; speaking of the public and the party need of standing firmly by sound money, and declaring against the slightest concession to silverism, whether 10 to 1 or a less tard ratio; finally reiterating all of Cleveland's old position and the party's as well, in favor of tariff reform on tariff for revenue only lines.

EXPLOSION IN A MINE.

Three Men Instantly Killed and Two Others Badly Hurt.

WARD, Colo., April 4.—A terrific explosion occurred shortly after noon yesterday in the Giles mine about one and a quarter miles from this city, in which three men were instantly killed and two others badly hurt.

The dead are: James Purmort, married; Mart Branson and Grance Rice.

The injured are: Jack Gallagher and Louis Smith.

When the men went to work yesterday afternoon they took about 50 pounds of giant powder down in the mine with them, and shortly after they reached the bottom the powder in some unknown way exploded.

This is the fourth fatal explosion in the Giles mine. Not much damage was done to the mine.

GUILTY OF GRAND LARCENY.

ST. PAUL, April 4.—H. K. Richardson, secretary and treasurer of the defunct Snow-Church company, has been found guilty of grand larceny in the first degree, the penalty being from five to 10 years' imprisonment. Richardson was indicted because of unpaid collections, and after a postponement because of defective indictment, has now been found guilty.

Finally Got Clear.

BENTONVILLE, Ark., April 6.—A. J. Testament, charged with the murder of Rev. Burrell Simms, an old gentleman supposed to have much money secreted in his home on Pea Ridge, six miles north of here, was acquitted Saturday night after a hard fight, this being the fourth trial. In 1894, when the murder occurred, Testament was convicted and sentenced to hang. A rehearing was secured by his attorneys, and three other trials have followed, resulting in an acquittal after a cost to the county of about \$12,000.

Death of a French Painter.

PARIS, April 6.—The painter Ernest Ange Duez is dead. He was born in Paris in 1843 and studied in the Atelier of Pils. He made his appearance in the salon in 1868 with Master Doloroso. Since that time scarcely a year has passed without some important work from his brush. In 1890 he sent to the dissident salon, Au Champs de Mars, a portrait, and has since contributed to that society. M. Duez obtained a medal of the third class in 1874 and one of the first class in 1879. He received the decoration of the Legion of Honor in 1890, and was made an officer in 1893.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
